

WE ARE GROWING.....AGAIN!

Total Business Communications, Inc. is proud to announce the acquisition of **Business Telephone Inc.** a full service telecommunications company that Specialized in Nortel Business telephone systems and voice and data cabling in the Charlotte metro area.

Since 2001, Total Business Communications, Inc. has served customers with their Cabling and telecommunications needs along with IT and Network support; and are now proud to offer the same quality and service to the existing client base of Business Telephone Inc.

Why **Business Telephone Inc.**?

Through the past year, Total Business Communications, Inc. and Business Telephone Inc. have been working together to assist customers collectively with their needs. Introduced through a mutual supplier and fostered even greater through the acquisition earlier in 2008 of **True Technologies** in which both companies had an existing relationship.

Mr. Brian Peck of Business Telephone Inc. will move into a technical role with Total Business Communications, Inc. Brian along with the other technical staff will help serve the 700+ clients of the company.

Total Business Communications, Inc. has long been a staple in both North and South Carolina offering products and services from NEC, NORTEL, 3Com, Allworx, and Toshiba in the telecommunications arena for both traditional and VoIP.

Total Business Communications, Inc. offers also a **FLAT FEE** network monitoring and support offering called **SCOUT**, which enables clients to save costs and down-time through pro-active maintenance and support.

Other offerings include: Hardware/Software procurement, Installation, Network architecture, Security, Off-site backup and disaster recovery. Software support and training.....and many more.

Total Business Communications, Inc. is offering **former Business Telephone customers a FREE Network evaluation and recommendation along with a free month of telephone maintenance (under or normal maintenance client guidelines) with NO OBLIGATION.** Simply contact our office and inform us that your company is a former customer of Business telephone Inc.

Thank you,

Michael Snyder
CEO; Total Business Communications, Inc.
